LARGE
FOR BACK TO HIP

Product Overview

Targeted relief in comfy patches that come in both large and small sizes. No matter where life takes, turns or twists you, they are designed to stay put as you move.

- Ultra Strength BENGAY® Pain Relieving Patches provide concentrated, deep, penetrating heat in a self-adhesive patch that targets your pain so you have more flexibility and mobility in your muscles and joints
- Apply one BENGAY® Pain Relieving Patch to the site of pain to deliver the relief you need wherever you need it most
- **Note:** The patch will first feel cool before generating a warming sensation
- For best results, please ensure that skin is clean and dry before applying
- Use as directed
- Available In: Regular size (3.9 in x 5.5 in) 5 count packages, Large Size (3.9 in x 7.9 in) 4 count packages.

Active Ingredients

Menthol 5% (Topical analgesic)

Inactive Ingredients

calcined kaolin, cellulose gum, glycerin, methyl acrylate/2-ethylhexyl acrylate copolymer, methylparaben, polyacrylic acid, polysorbate 80, propylparaben, silica, sodium polyacrylate, sodium polyacrylate starch, sorbitan oleate, sorbitol, tartaric acid, titanium dioxide, water

Directions

- open pouch and remove patch
- if desired, cut patch to size
- peel off protective backing and apply sticky side to affected area
- adults and children 12 years of age and older: apply to affected area not more than 3 to 4 times daily
- children under 12 years of age: ask a doctor

How to Use

- temporarily relieves the minor aches and pains of muscles and joints associated with:
- simple backache
- arthritis
- strains
- bruises
- sprains

Storage

- store at 20° and 25°C (68° and 77°F).

Warnings

For external use only.

Do not use:

- on wounds or damaged skin
- with a heating pad
- on a child under 12 years of age with arthritis-like conditions

Ask a doctor before use if you have

- redness over the affected area.

When using this product:

- avoid contact with eyes or mucous membranes
- do not bandage tightly

Stop use and ask a doctor if:

- condition worsens or symptoms persist for more than 7 days
- symptoms clear up and occur again within a few days
- excessive skin irritation occurs

Keep out of reach of children.

If swallowed, get medical help or contact a Poison Control Center immediately.
